

MEMORANDUM FOR: Mr. Colby

Executive Registry

74-4134

General Graham asked that I pass along to you this "unofficial" copy of a memo from Secretary Clements to Al Hall setting up a committee which will develop recommendations to improve intelligence management within ~~the~~ the Department of Defense.

This memo may well be all that comes out of the recent Cook study which examined the roles of ASD(I) and DIA.

5 July 74
